VISION

To be a globally renowned academy of information technology for societal development.

MISSION

- To produce globally competent information technology professionals with the right mix of professional skills and ethical, societal and environmental concerns.
- To solve local problems using global technologies and solve global problems using local technologies across disciplines.
- To project the nation to the forefront of information technology research and development.

Smt. Sudha Murty
Chairperson

She is a prolific writer in Kannada and English with 24 books and 156 titles to her credit. She has been honored with awards for her philanthropic and literary efforts. She has also received the Padma Shri Award from the Government of India as well as seven honorary doctorates from universities in India.

Prof. Kavi Mahesh
Director

I am very glad to be leading IIIT-Dharwad in its growth from a small institute at present into a place of choice for learning information technology. As a young institute, IIIT-Dharwad has a unique opportunity to make a difference not only to Indian IT industry and the academic research community but also the people of the entire region of North Karnataka. IIIT-Dharwad is strategically positioned to develop into one of the best institutes of national importance in the country. One of the key strengths of this young Institute is its highly qualified and committed faculty with expertise and experience in a wide range of areas of information technology.

Smt. Sudha Murty is the Chairperson of the Board of Governors of IIIT Dharwad. She is the chairperson of the Infosys Foundation. She has a master's degree in electrical engineering from the Indian Institute of Science, Bangalore.

Why should you recruit at IIIT Dharwad?
